Preschool Learning Table $1,925.00

https://www.dunriteplaygrounds.com/store2/12758-Preschool-Learning-Table

Product Image

Description

The Preschool Learning Table is model 358PS-PLP, a preschool learning table intended for early-childhood outdoor activity and group learning. The manufacturer identifies a 46-inch learning-table platform with a child-height arrangement and learning content featuring letters and numbers. This SKU identifies the learning-top configuration, not every shape or seating pattern in the broader 358PS range.

Exact-model specifications

Exact SKU	358PS-PLP
Product	Portable preschool learning table
Published top size	46 inches
Published seating height	20 inches
Frame	1-5/8-inch OD welded pipe, 1-inch OD brace
Hardware	Stainless steel
Price-list description	PRESCHOOL LEARNING TABLE

Configuration comparison

This listing	358PS-PLP preschool learning table
Standard alternatives	Square, round and octagonal 358PS tabletops are separate configurations
Tabletop choices	Perforated and diamond configurations appear in separate 358PS SKUs
Activity feature	Learning top with alphabet and numbers 0 through 9

The walk-through design makes this table suitable for planned learning and seating areas for young children. When comparing different 358PS shapes or perforation styles, specify the exact model because the learning top is not automatically included on other preschool tables. Coordinate the intended placement and surface with the project layout.
