Description

Square 32 Gallon Ash Urn Receptacle Lid: AU-32-TRSQ

This square ash-urn lid is sold separately for compatible 32-gallon square receptacles. The January 2024 exact-model drawing controls its dimensions rather than older general family sheets. Before ordering, match the lid to the receptacle body shape, capacity, rim dimension and finish. Interchangeability with other lid families must not be assumed based solely on gallon rating.
