Description

22-GRN6 | UltraSite Recycled benches and tables

This 22-series bench is the portable, backless seating choice in the recycled-plastic furnishing range. The 2 by 4 inch plank construction, model-specific color and length distinguish it from the 21-series backed bench. Other family sizes and colors are separate SKUs, not ecommerce option values. Recycled plastic reduces exposed wood upkeep, but installation requirements and accessory purchases must be established for the exact selected model.

Exact-model specifications

Compare sizes, styles and configurations

22 family	Backless recycled-plastic bench, 6 or 8 ft
21 family	With-back recycled bench, 2 x 6 in planks
Recycled tables	Coordinate the seating with a separate picnic-table SKU

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
