Description

621 | UltraSite Commercial grills

The 621 bi-level group grill offers a 1,008-square-inch cooking area for shared park or campground cooking. Inground and surface-mount models are distinct SKUs, and the utility-shelf inclusion is determined by this model description. This is an outdoor charcoal appliance. Observe local fire restrictions and provide clearance and supervision suitable for public use.

621	1,008 sq in bi-level group grill
627	1,064 sq in cantilever group grill
Mounting	Inground and surface mount are separate SKUs
Accessories	Grill covers and utility shelves require exact-model compatibility

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
