Description

9 foot Hexagon Tree Bench with back inground powder coated (89S-S9) corresponds to the following manufacturer 2026 price-list configuration: 9' Hexagon Tree Bench with back, inground, powder coated. The specification and comparison details below distinguish what is supplied from separately ordered alternatives.

Exact-model specifications

Exact SKU	89S-S9
2026 manufacturer price-list description	9' Hexagon Tree Bench with back, inground, powder coated
Overall stated length	9 ft
Inner opening	5 ft
Backrest	Included
Installation	Inground
Material	Powder-coated steel

Support posts	4 x 4 in structural steel

Configuration and accessory comparison

Selected SKU	9-ft hexagon bench, with back, inground
8-ft model	4-ft interior opening
9-ft model	5-ft interior opening
Backrest choice	88 series backless; 89 series backed
Mounting	S inground and SM surface mount require separate SKUs

This 9-foot hexagon tree bench is configured with a backrest and is intended for inground installation. The hexagonal plan creates seating around a tree or a landscape feature while leaving an interior opening of 5 ft.

The manufacturer lists 4-by-4-inch structural support posts and a powder-coated steel finish. The seat style, backrest presence and mounting are fixed by the model rather than being interchangeable color options.

Coordinate the interior opening with actual tree growth and nearby root protection before planning a footing or surface-mount foundation. Alternative lengths, backed versions and backless versions are individually ordered products; no planter or tree grate is included.
