Product Image

Description

630SM-3-U | UltraSite Commercial grills

The 630-series rotating pedestal grill has a 300-square-inch firebox and 360-degree rotation. The standard family page describes an adjustable four-level grate; this ODS model is distinguished by its stated 3.5-inch post rather than the smaller post shown on some general manufacturer pages. This is an outdoor charcoal appliance. Observe local fire restrictions and provide clearance and supervision suitable for public use.

Exact-model specifications

Exact model	630SM-3-U

Compare sizes, styles and configurations

620 / 616	280 sq in; 616 has flip-back grate
630 / 632	300 sq in; 632 uses cantilever design
621	1,008 sq in bi-level group grill
627	1,064 sq in cantilever group grill
Mounting	Inground and surface mount are separate SKUs
Accessories	Grill covers and utility shelves require exact-model compatibility

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
