Description

Acorn GFRC Stepper | Individual stepper | Model UP515

This nature-themed product gives parks, playgrounds, and early learning or school sites an outdoor feature that supports engaging, movement-based play. Children can practice stepping, balance, coordination and route selection as appropriate to the model and site's play design. Model UP515 is the individual stepper version, not an interchangeable color variation.

Key product details

- Model: UP515
- Included configuration: Single decorative nature-themed stepping element
- Material or design: Glass-fiber-reinforced concrete (GFRC)
