## Product Image

## Description

**621SM | UltraSite Commercial grills**

The 621 bi-level group grill offers a 1,008-square-inch cooking area for shared park or campground cooking. Inground and surface-mount models are distinct SKUs, and the utility-shelf inclusion is determined by this model description. This is an outdoor charcoal appliance. Observe local fire restrictions and provide clearance and supervision suitable for public use.

| Mounting | Inground and surface mount are separate SKUs |
| Accessories | Grill covers and utility shelves require exact-model compatibility |

**Collection choices and accessories:** Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

**Selection guidance:** Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
