Product Image

Description

Rotisserie infrared burner perfect for high heat searing or slow spit roasting.
Four bow tie burners evenly distributes heat across the entire cooking area - 18,000 BTUs each
Retract-a-rack provides more cooking space and easily moves when not in use
Flame thrower ignition ignites the bow tie burner by a spark. No batteries are necessary.
Flare control vaporizer moves drippings away from the burner and into the drip tray to prevent flare-ups
Control knob lights lights up the knobs when turned on
Easy slide drip tray collects drippings and easily slides out for cleaning
Heat zone dividers allows each burner area to cook at different temperatures
Double lined easy open lid double lining keeps more heat inside the grill
Interior cooking lights illuminate the cooking area for dark conditions
Natural Gas
