Description

Intermediate BarkPark Agility Course | BARK-ITKIT

The BarkPark Intermediate Course is a complete six-activity dog agility course for public dog parks, recreation areas and pet-care facilities. The manufacturer identifies all six activities as included: Rover Jump Over, Paws Grooming Table, Doggie Crawl, Hoop Jump, Stepping Paws and King of the Hill. These components are part of this kit, not suggested accessories requiring separate purchase. The Intermediate Course adds Stepping Paws and King of the Hill to the four-activity Novice Course lineup.

Exact kit specifications

PBARK-470	Stepping Paws	Included in BARK-ITKIT
PBARK-400	King of the Hill	Included in BARK-ITKIT

The course combines jumping, climbing, balancing and crawl-through activities. Individual activity models may also appear elsewhere in the catalog, but their separate SKU listings do not mean they are excluded from this complete course.

Course comparison and available options

Course	Included activities	Configuration
BARK-NVKIT Novice	Four	Rover Jump Over, Paws Grooming Table, Doggie Crawl and Hoop Jump
BARK-ITKIT Intermediate	Six	Novice activities plus Stepping Paws and King of the Hill; inground mounting

Specify the Natural or Playful color scheme when planning the park. Other furnishings, waste stations and separate park amenities are not represented as included. Confirm site layout and installation clearances using the manufacturer instructions for this exact course before construction.
