Description

King of the Hill | BarkPark model PBARK-400

KING OF THE HILL, INGROUND. The climb-and-descent obstacle helps dogs practice control and confidence across an incline. Standard and smaller-dog versions are distinct models. This is the **PBARK-400** configuration; versions with different mounting, materials or included components carry separate SKUs. Consult the exact installation drawing for required clearances, footing details and site preparation.

PBARK-400SM	KING OF THE HILL, SURFACE MOUNT	Surface mount

For a coordinated dog park, this equipment can be planned alongside appropriate agility obstacles and visitor amenities such as leash stations, drinking fountains, waste stations and seating. Any companion equipment is sold separately unless the exact-model description explicitly includes it. Verify the chosen site layout and any accessory compatibility before ordering.
