## Product Image

## Description

**TR-32-GRY | UltraSite Recycled receptacles**

The UltraSite round 32-gallon receptacle uses a slatted outdoor-furnishing design with 2 by 4 inch planks. This exact SKU identifies its recycled plastic side construction and color. The body is portable, with mounting kits sold separately; confirm the shape-specific lid and liner when assembling a complete waste collection station. Recycled and wood-plank alternatives are different SKUs.

| Recycled-plastic | Cedar, green, gray and brown configurations |
| Accessories | Choose separate shape-compatible lid, liner and mounting kit |

**Collection choices and accessories:** Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

**Selection guidance:** Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
