Description

TR-32-BRN | UltraSite Recycled receptacles

The UltraSite round 32-gallon receptacle uses a slatted outdoor-furnishing design with 2 by 4 inch planks. This exact SKU identifies its recycled plastic side construction and color. The body is portable, with mounting kits sold separately; confirm the shape-specific lid and liner when assembling a complete waste collection station. Recycled and wood-plank alternatives are different SKUs.

Compare sizes, styles and configurations

TR-32	Round 32-gallon slatted receptacle
TRSQ-32	Square 32-gallon slatted receptacle
Wood	Untreated, pressure-treated or redwood-stained where offered
Recycled-plastic	Cedar, green, gray and brown configurations
Accessories	Choose separate shape-compatible lid, liner and mounting kit

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
