Product Image

Description

24-GRY6 | UltraSite Recycled benches and tables

The 24-series is an all-recycled-plastic portable picnic table. The catalog identifies this exact product by length and recycled-plastic color. Compare its size with alternate 24-series SKUs and with the hexagonal 26-series before selecting layouts for picnic grounds, campuses or parks. Recycled plastic reduces exposed wood upkeep, but installation requirements and accessory purchases must be established for the exact selected model.

Exact-model specifications

Exact model	24-GRY6
2026 catalog configuration	6' RECYCLED GRAY TABLE, PORTABLE
Product type	Picnic table
Recycled-plastic color	gray
Construction	Recycled-plastic tabletop and seating

Mounting / format	Portable picnic table
Nominal length	6 ft

Compare sizes, styles and configurations

24 series	Portable recycled-plastic table; model-specific length and color
26-HEX	Hexagonal recycled-plastic table; different seating geometry
26H-HEX	Accessible hexagonal configuration, separately priced

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
