Description

30 Inch Seat Height Tall Food Court Chair Diamond, model **956-V**, is a tall food court chair with back and a diamond thermoplastic seat pattern. The current manufacturer specification identifies it as a tall portable chair with back, 30-inch seat height, approximately 23-3/4-inch frame depth, 18-inch seat width, and 49-inch back height.

- **Seat height:** 30 in
- **Seat width:** 18 in
- **Approximate chair depth:** 23.75 in
- **Back height:** 49 in
- **Pattern:** Diamond
- **Mount / use:** Portable
- **Back:** Yes
- **Seat coating:** Oven-fused thermoplastic
- **Frame:** 1-5/16 in O.D. x 14-gauge pre-galvanized structural steel tubing

- **Frame finish:** Electrostatic powder coat, oven cured
- **Construction:** Electrically MIG welded
- **Floor protection:** Threaded swivel glides with plastic bases
- **Hardware:** Stainless steel

The exact current specification library retains this pattern as a distinct 953/956 seat option. Pattern-specific steel geometry is not generalized from another pattern.

Standard / tall chair comparison

Model	Chair Class	Seat Height	Pattern
956-V	Tall Food Court Chair	30 in	Diamond
953-V	Standard Food Court Chair	18 in	Diamond

Other patterns at this seat height

Pattern	Model
Perforated	956-P
Fiesta	956-FB
Slat	956-S
Wave	956-W

Seat color and frame color are finish options. Seat height and seating pattern change the physical product, so the 953/956 alternatives are presented for comparison rather than treated as exact related-product equivalents.
