Product Image

Description

Model 940WM-F6 is a wall mount support-frame-only component for the 940 extra heavy-duty park bench series with back. The catalog identifies it as a 6-foot wall-mounted frame-only configuration.

Features and ordering details

- Frame-only component; seating planks and complete bench assembly are not included
- Family 940: extra heavy-duty bench with back
- Mount type: wall mount; this is not interchangeable with the other mounting configurations
- Length compatibility: 6-foot; confirm the exact plank pattern, dimension and hardware selection
- Manufacturer’s complete bench family describes welded tubular-steel construction and powder-coated framing; exact frame drawing governs each accessory

Compare configurations

Model	Configuration	Selection guidance
940WM-F6 / 940WM-F8	940 wall mount frames with back	Choose six- or eight-foot frame length
942P frame models	942 portable frame without back	Portable support, not surface- or wall-mounted
942S / 942SM / 942WM frames	942 without-back frames	Choose inground, surface or wall mounting to fit the site

Confirm model and installation support before purchase. Frame dimensions, anchor requirements and included fittings depend on the exact frame drawing; no unsourced anchor dimensions or piece counts are asserted.
