Description

8 Foot Double Sided ADA Heavy Duty Table Cedar Recycled Plastic (158H-CDR8)

The 8 Foot Double Sided ADA Heavy Duty Table Cedar Recycled Plastic is the exact natural accessible picnic table configuration listed as model 158H-CDR8 in the 2026 manufacturer catalog. The manufacturer describes this SKU as 8' Double Sided Ada Heavy Duty Table, Cedar Recycled Plastic. This identifies the orderable configuration, rather than every color, size or mounting variation offered across the broader product family.

This eight-foot accessible rectangular picnic table uses recycled plastic planks with a 1-5/8-inch O.D. steel frame. The manufacturer lists double-sided access for recycled-plastic configurations and predrilled mounting provisions.

Compare recycled-plastic plank colors and the single- or double-sided accessibility layouts by

model. Frame finish may be powder coating or hot-dip galvanizing; confirm the selected configuration rather than assuming both are included. Review mounting conditions, compatible anchors and requested finish when planning a school, park, streetscape or recreation installation. Other family styles, accessory pieces and finishes are separate product selections unless specifically included in this model description.
