Description

Solstice Bike Rack Inground, model **5000S**, is a commercial two-bike rack with inground installation. The Solstice Bike Rack uses 1.9" O.D. round x 11-gauge steel tubing and a powder coated finish.

- **Bike capacity:** Up to 2 bikes
- **Mount:** Inground
- **Framework:** 1.9" O.D. round x 11-gauge steel tubing
- **Finish:** Powder coated

The Solstice design uses round steel tubing for a softer-profile bicycle parking option.

Mounting comparison

Model	Family	Mount	Capacity	Framework
5000S	Solstice Bike Rack	Inground	2 bikes	1.9" O.D. round x 11-gauge steel tubing

5000SM	Solstice Bike Rack	Surface Mount	2 bikes	1.9" O.D. round x 11-gauge steel tubing

Other two-bike rack designs

Family	Model in this mount	Framework
Horizons Bike Rack	5020S	2" square x 11-gauge steel tubing
Hitch Bike Rack	5040S	2-3/8" O.D. x 12-gauge pre-galvanized steel pipe with 1-5/16" x 14-gauge zinc-tubing rings

Powder-coat color is a finish option and does not create a separate related-product relationship.
