Product Image

Description

The Northgate bench is handmade with great care. Individual steel ribs a quarter of an inch thick are formed and welded to the cast iron and steel framework. The back features an elegant arch and the sturdy cast iron legs have mounting holes in their feet. This bench is especially at home on urban sidewalks and in deluxe shopping environments.

1 ¼" Wide 7 gauge steel ribs
Cast iron legs - 2" wide by 1" thick
Thermoplastic finish
Pre-drilled mounting holes
