Description

Receptacle lid and label accessories | 01-05-0135

The Receptacle lid and label accessories accessory or replacement component identified by model 01-05-0135 is listed in the 2026 UltraSite catalog as: "TRASH" DECAL FOR FLAT TOP LIDS. For outdoor waste collection, distinguish the receptacle body from separately cataloged lids, liners, decals and mounting components. The exact model listing controls the included lid and liner configuration. Coordinating furnishings may be selected from matching manufacturer collections when the style is verified. This decal is a lid accessory, not a complete waste receptacle. Confirm which lid and container capacities are compatible; alternative lids are separately ordered where identified.
