Description

36 Inch Preschool Square Picnic Table, Expanded Diamond Seats

Model 350PS-V provides child-scaled outdoor seating for preschools, early-learning centers and playground activity areas. The portable table has a 36-inch square solid steel tabletop and expanded diamond steel seats with 12-inch seat height. A walk-through frame layout helps children approach their places without stepping over a bench. The thermoplastic-coated seating and tabletop pair with a powder-coated MIG-welded 1-5/8-inch outside-diameter tubular frame and stainless-steel hardware.

Features and dimensions

- Model: 350PS-V
- Tabletop: 36-inch square solid steel
- Seat height: 12 inches
