Product Image

Description

BarkPark Amenities Kit | BARK-AKIT

Complete the visitor amenities for a dog park with the BARK-AKIT four-item package. This is a complete amenities kit, not a collection of suggested accessories: it includes a Sit & Stay Bench, Tidy Up Receptacle Package, Leash Post, and Pet Waste Station supplied with two boxes of waste bags. The bench provides a place for visitors to sit, while the waste station and receptacle support routine park cleanup. The Leash Post offers a convenient place to hold a leash while visitors prepare for park activities. The manufacturer offers Natural and Playful color schemes.

Exact kit contents

Included item	Manufacturer component model	Included quantity
Sit & Stay Bench	PBARK-940S-P6	1
Tidy Up Receptacle Package	TBARK-530	1
Leash Post	PBARK-480	1

Pet Waste Station	PBARK-490	1, supplied with two boxes of waste bags

Configuration and purchasing information

Choice or component	Clarification
Kit model	BARK-AKIT, four included amenities
Manufacturer colors	Natural or Playful
Mounting	Refer to the instructions for each included component; no universal kit-wide mounting method is claimed
Receptacle package	TBARK-530 is included; individual lid and liner contents are not asserted without model-specific documentation
Other equipment	Additional play activities, benches or signs are separate unless explicitly included in this kit

When planning a complete dog park, compare this four-amenity package with other BarkPark amenities configurations. Individual component models may also be available separately for repairs or expansions, but the four listed components and waste bags are included in this kit. Confirm any component-specific mounting needs during site planning.
