Description

Smooth & Controlled Ride!

The 30 Inch x 4 Foot Straight Slide with Support and Hardware is a durable, compact slide solution designed for commercial playground environments. With a 30-inch slide bed width and 4-foot length, this straight slide provides a smooth, controlled ride ideal for early childhood and elementary play areas.

This slide includes the necessary support bracket and mounting hardware, ensuring secure installation and long-term structural stability. Its straight design makes it perfect for lower deck heights or ground-level installations in schools, parks, churches, daycares, and community playgrounds.

Engineered for daily use in high-traffic settings, this slide is suitable for new installations or replacement applications, offering dependable performance and easy integration into modular playground systems.
