Description

Smooth & Controlled Descent!

The 30 Inch x 5 Foot Straight Slide with Support and Hardware is a durable, rotationally molded slide designed for commercial playground environments. Built for a 5-foot deck height, this straight slide delivers a smooth, controlled descent while maintaining structural stability and long-term performance.

Manufactured using rotational molding technology, this slide provides consistent wall thickness, strength, and weather resistance. The included support bracket and mounting hardware ensure secure installation and reliable alignment within modular playground systems.
