Description

Exhilarating Ride!

The 6 Foot Deck – 12 Foot Rocket Slide with Foot is a commercial-grade playground slide engineered for 6-foot deck height platforms. With a 12-foot slide length, this rocket-style slide provides a longer, more exhilarating ride while maintaining the durability required for high-traffic play environments.

The integrated support foot enhances structural stability and ensures secure installation, making it ideal for long-term outdoor use. Designed for schools, parks, churches, daycare centers, and community recreation areas, this slide works seamlessly in both new playground installations and replacement projects.
