Description

Safe and Engaging Playground Climbing Fun

Add dynamic climbing fun to your playground with the Dino-Mite™ Climber, designed for 5’ and 6’ deck installations with no additional components required. Its versatile design features a variety of step profiles, challenging children of different ages and skill levels while promoting strength, balance, and coordination.

Both sides of the Dino-Mite™ Climber are uniquely molded, providing varied climbing experiences and enabling face-to-face installations for interactive, cooperative play. Molded handrails offer secure support, ensuring safety without sacrificing the fun of climbing.

Durable and engaging, the Dino-Mite™ Climber is perfect for schools, parks, childcare centers, and recreational playgrounds, delivering a stimulating activity that encourages physical activity, motor skills development, and imaginative play.
