Description

24" Playground Bubble Panel

Add interactive visibility and sensory exploration to your playground with the Clear Bubble Mounted in a Flat Panel with Rivets. This durable window-style component allows children to look out, look in, and engage with their surroundings in a fun and imaginative way.

The clear bubble design provides a safe, enclosed viewing space while the flat panel ensures a secure, easy-to-install structure suitable for a wide range of commercial playgrounds, including parks, schools, childcare centers, and indoor play areas.

Built from high-quality materials and engineered for long-lasting performance, offering seamless compatibility with existing structures.

Perfect for encouraging imaginative play, sensory engagement, social interaction, and visual exploration, the Clear Bubble Panel enhances any play environment with creativity and durability.
