Description

Durable Playground Shade & Architectural Feature

Enhance your playground structure with the Cupola Roof, a durable and visually appealing component that provides shade, shelter, and a finished architectural look. This roof is designed to integrate seamlessly with playground systems while offering a safe, weather-resistant covering for children at play.

Measuring 70? L x 70? W x 44? H (178 cm x 178 cm x 112 cm), the Cupola Roof is constructed from high-quality, impact-resistant materials to ensure long-lasting performance in both indoor and outdoor playground environments. It’s ideal for schools, parks, childcare centers, and recreational areas seeking a sturdy, aesthetically pleasing addition to their play structures.

The Cupola Roof not only provides protection from sun and rain but also adds a creative and inviting element to any playground design.
