Description

Safe, Seamless, and Durable Playground Component

Bring dynamic fun and long-lasting durability to your playground with the 4-Foot Curved Slide, a one-piece commercial slide designed for safety, strength, and smooth performance. This premium slide features a built-in level entrance and an elevated molded exit, ensuring a consistent and secure ride from start to finish.

With no seams and no joints, this slide eliminates concerns of potential string entrapment, while its molded-in foot holds provide added stability for young users. Built from high-impact, commercial-grade materials, the 4-Foot Curved Slide is crafted to withstand heavy daily use in parks, schools, childcare centers, and community playgrounds.

Available in a wide variety of vibrant colors, this slide enhances both aesthetics and play value. It is also designed as a direct replacement for numerous popular playground systems, including:

- ASM1334XX – 48? Deck, 90° Curve Slide for Adventure Playground SM
- TEX19337XX – 48? Deck, 90° Curve Slide for Expedition Systems
- TEX08692XX – 48? Deck, 90° Curve Slide for Expedition Series

- 07654XX – Double Wall 90° Right Turn Slide, 48? Deck
- TAD08600XX – 48? Deck, 90° Curve Slide for Adventure Systems
- TAD08657XX – 48? Deck, 90° Curve Slide for 3.5×48 System
- TAD19313XX – 48? Deck, 90° Curve Slide for Adventure Playground
- TAD19324XX – 48? Deck, 90° Curve Slide for 3.5×46.5 Systems

A truly dynamic and reliable slide, this component is the perfect addition to any commercial playground structure, offering safety, fun, and long-term value.
