Description

Looking for a durable, smooth, and fast 12-foot playground slide for your 6-foot deck? The Starglide Straight Sectional Slide delivers a classic sliding experience with modern strength, modular design, and endless configuration possibilities. Built to last and engineered for a perfect fit, this straight chute slide is a favorite for both residential and commercial playgrounds.

The Starglide sectional system gives you creative freedom. Build the exact configuration your project needs—straight runs, custom lengths, unique deck connections, and more. With the entry hood and exit molded into one piece, installation is faster, alignment is perfect, and the slide offers greater stability.

This 6-foot deck height straight Starglide slide is engineered to replace many discontinued or legacy playground slide models, including:
- SGS-6STR, 6 Foot Deck Height Star Gate Sectional Straight Slide
- ASM1172XX, 6 foot deck Straight Chute Slide – Adventure Playground System SM
- TEX19271XX, 6 foot deck height Straight Chute Slide for Expedition Systems
