Commercial Grade Slide!

The 7 Foot Deck Height Starglide Slide – Single Entrance Veer Right is a commercial-grade sectional playground slide designed for 7 ft deck heights. This right-veering slide with a single entrance provides a dynamic and fun ride while prioritizing child safety.

With the modular Starglide system, you can mix and match parts to create a unique playground layout. The 36-inch entry hood and exit/runout ensure smooth sliding transitions and added safety.

Made from rotationally molded, UV-stable polyethylene, this slide is designed for durability and long-term outdoor use. Ideal for Adventure Playground and Expedition Systems, this slide replaces previous single entrance right-veering models, such as:
