Description

Flexible and Modular

The Starglide™ 7 Foot Deck Height Triple Bed Straight Slide is a high-capacity, commercial playground slide designed for 7-foot (84") deck heights. Featuring a straight tri-chute configuration, this slide allows multiple riders to slide at the same time, making it ideal for high-traffic playground environments such as schools, parks, and community recreation areas.

Built as part of the Starglide™ sectional slide system, this triple bed straight slide offers unmatched flexibility for playground designers. Mix and match modular components to create the perfect slide layout for your structure. The entry hood and exit/runout are engineered for a 36" (.9 m) deck height, ensuring smooth transitions and consistent safety standards across compatible play systems.

This slide is a perfect solution when you need a straight 7 foot deck slide that maximizes throughput while maintaining a clean, symmetrical design.

This Starglide™ slide replaces the following part numbers:
- TAD04913XX – 7 Foot Deck Height Straight Tri Chute Slide
- TEX04926XX – 84" Deck Straight Tri Chute Slide for Expedition Series
