Description

Classic Spiral Design!

Enhance any commercial playground with the 6 Foot Spiral Slide with Hood and Post, a classic spiral slide design that delivers a smooth, engaging ride while maximizing play value in a compact footprint. Designed for durability and visual appeal, this spiral slide is ideal for both new playground installations and replacement applications across multiple play systems.

Featuring an integrated hood and support post, this slide provides a defined entry point and stable performance in high-use environments. Designed for 72-inch (6 ft) deck height applications, the spiral configuration adds excitement while maintaining controlled descent and reliable functionality.

Available in Blue, Green, Tan, Dark Red, and Dark Yellow, this slide offers flexible color options to match existing playground themes or branding requirements.

This product serves as a direct replacement for multiple discontinued and legacy spiral slide models (listed below), making it an excellent solution for maintaining or upgrading existing playground systems without a full replacement.

This 6 Foot Spiral Slide with Hood and Post replaces the following models: - 08700XX – Cobra Coil Spiral Slide
- REC00290XX – Spiral Slide for Recycled System
- TAD00292XX – Spiral Slide Adventure Playground System
- TEX00290XX – Spiral Slide for Expedition Series
- ASM0373XX – Slide, 72? Deck Spiral Slide Adventure for SM
- ASM1285XX – Slide, 72? Deck Height Spiral Slide at -4? Elevation
