Description

Take a Left Turn on Your Playground

Add directional movement and design flexibility to tall playground structures with the Starglide Open Entrance Veer Left Slide – 9 Foot Deck Height. Designed for Starglide sectional playground slide systems, this slide features an open entrance paired with a veer left slide profile, guiding riders through a gentle directional shift while maintaining a smooth, controlled descent.

Engineered specifically for 9-foot deck height playgrounds, this veer-left slide integrates seamlessly with compatible Starglide supports, exits, and runouts, making it an excellent option for new playground layouts or replacement applications. The open entrance provides clear visibility and easy deck-to-slide transitions, while the veer-left design adds visual interest and variety to multi-slide playground configurations.

Ideal for schools, parks, churches, municipalities, and other commercial playground

environments, the Starglide Open Entrance 9 Foot Veer Left Slide delivers durability, accessibility, and creative layout options for high-traffic play areas.

Key Features
