Description

Smooth, Gentle Ride!

Add directional flow and accessibility to tall playground structures with the Starglide Open Entrance Veer Right Slide – 9 Foot Deck Height. Designed for Starglide sectional playground slide systems, this slide features an open entrance combined with a veer-right profile, guiding riders through a smooth, gentle directional turn while maintaining a controlled descent.

Engineered specifically for 9-foot deck height playgrounds, this slide integrates seamlessly with compatible Starglide supports, exits, and runouts, making it ideal for both new playground installations and replacement applications. The open entrance design enhances visibility and ease of access from elevated decks, while the veer-right configuration adds layout flexibility and helps manage traffic flow in multi-slide playground designs.

Ideal for schools, parks, churches, municipalities, and other commercial playground environments, the Starglide Open Entrance Veer Right Slide delivers durability, safety, and

creative design options for high-traffic play areas.
