Description

"

Perfect for Tall Playground Structures!

Add clear visibility and controlled directional flow to tall playground structures with the Starglide Open Entrance Turn Right Slide – 9 Foot Deck Height. Designed for Starglide sectional playground slide systems, this slide features an open entrance paired with a right-turn configuration, guiding riders through a smooth directional transition while maintaining a consistent and enjoyable sliding experience.

Engineered specifically for 9-foot deck height playgrounds, this slide integrates seamlessly with compatible Starglide supports, exits, and runouts, making it ideal for both new playground installations and replacement applications. The open entrance design improves sightlines and ease of access from elevated decks, while the turn-right profile enhances layout flexibility and helps manage slide traffic in multi-slide play structures.

Ideal for schools, parks, churches, municipalities, and other commercial playground

environments, the Starglide Open Entrance Turn Right Slide delivers durability, safety, and creative design options for high-traffic play areas.
