Description

Smooth, Direct Descent!

Deliver a classic, high-impact slide experience on taller play structures with the Starglide Straight Slide – 10 Foot Deck Height. Designed for Starglide sectional playground slide systems, this straight slide provides a smooth, direct descent while maintaining the durability and modular compatibility required for commercial playground environments.

Engineered specifically for 10-foot deck height playgrounds, this slide integrates seamlessly with compatible Starglide entry components, supports, exits, and runouts, making it an ideal solution for new playground installations or replacement applications. The straight configuration offers predictable slide flow and efficient use of space, making it a popular choice for high-traffic play areas.

Ideal for schools, parks, churches, municipalities, and other commercial playground settings, the Starglide 10 Foot Straight Slide delivers reliable performance and timeless play value on

elevated structures.

Key Features
