Product Image

Description

High Impact Slide Experience

Create a tall, high-impact slide experience with clear visibility and easy access using the Starglide Open Entrance Straight Slide – 10 Foot Deck Height. Designed for Starglide sectional playground slide systems, this slide features an open entrance and a straight slide configuration, delivering a smooth, direct descent from elevated play decks.

Engineered specifically for 10-foot deck height playgrounds, this slide is commonly referred to as a 20-foot slide, reflecting its overall slide length rather than deck height. Understanding the difference between deck height and slide length ensures proper fit and safety for commercial playground installations.

This slide integrates seamlessly with compatible Starglide supports, exits, and runouts, making it ideal for new playground designs or replacement applications in high-traffic environments.

Key Features

- Designed for Starglide sectional playground slide systems
- Open entrance design for improved visibility and accessibility
- Straight slide configuration for smooth, direct descent
- Built for 10-foot deck height playground structures
- Approximate 20-foot slide length
- Integrates with compatible Starglide supports, exits, and runouts
- Ideal for new installations and replacement applications
- Commercial-grade playground slide construction
- Built for durability in high-traffic play environments
