Description

Freestanding Slide, Double Straight Slide
YOUR source for playground slides!

What do you remember from your childhood? Do you remember the play ground slides? Play slides are on the top of the list for kid choice play, right up there with a swing set. Did you have a slide for backyard play? Backyard playground slides or backyard swings recall some of our fondest memories of growing up. The playground slide and our school friends were truly "the good old days."

Low on space? Perhaps you don't have the space for a huge playground or you have a small budget. Free standing slides offer fun in a small package.

Keeping the price down may lead you to search for used metal slides for sale. Used and sale in the same sentence with slides are probably not a good idea when considering playground equipment. Someone getting rid of a slide should make you wonder if something is wrong with it! Watch out for an ad for a "used playground slide." A commercial slide may cost more than a residential slide due to thickness, dimensions and durability factors. Commercial slides are usually needed for any place other than your backyard treehouse slide. Residential playground equipment is typically manufactured with different materials and to different standards or

specifications. A slide for playground use must meet higher standards and more restrictive guidelines. Stainless steel playground slides may also be used off of the playground, so don't let a name confuse your search. This means a metal kids slide may also be used for adults, as an adult slide.

Trying to find the right playground slide for sale could be a tough task. Let us simplify your slide search, how high is the deck? Start there! Custom playground slides don't cost more than a standard slide, we don't charge a premium to guide you. If you just want to know how to make a metal playground slide, you may end up missing some of the safety guidelines that an experienced manufacturer is familiar with. Don't forget playground shades. Playground shade will not only protect your children from direct sun, heat and harmful UV rays, but will also help protect your playground equipment.
