Description

Huntington 36-inch square surface-mount table and four chairs

The Huntington 50SM-HX outdoor table set combines a solid square steel tabletop with four geometric-design steel armchairs. Its coordinated frame uses welded structural steel and outdoor powder coating.

Verified product specifications

Tabletop	36 inches square by 30 inches high
Seating	Four chairs included
Chair size	21 inches long by 25-3/4 inches wide by 30-3/16 inches high

Table support	4-inch square structural pedestal
Chairs	1-inch and 1-1/2-inch steel square tubing
Mounting	Surface mount configuration
Finish	Powder-coated steel

Product selection and comparison

Unlike a one-piece table with attached benches, the Huntington set includes four separately configured chairs around a square pedestal table. The portable family option is not this surface-mount model.

Confirm exact configuration, installation instructions and site conditions prior to ordering or installation.
