Description

Recycled Adjustable Ring Jump | BarkPark model BARK-427SM

Recycled Adjustable Ring Jump, Surface Mount. The adjustable jump-through opening supports progressive agility practice. The Re-Bark design uses recycled structural components rather than the CanineCoat steel configuration. This is the **BARK-427SM** configuration; versions with different mounting, materials or included components carry separate SKUs. Consult the exact installation drawing for required clearances, footing details and site preparation.

BARK-427	Recycled Adjustable Ring Jump	Confirm with model installation drawing

For a coordinated dog park, this equipment can be planned alongside appropriate agility obstacles and visitor amenities such as leash stations, drinking fountains, waste stations and seating. Any companion equipment is sold separately unless the exact-model description explicitly includes it. Verify the chosen site layout and any accessory compatibility before ordering.
