Description

Recycled Crawl Tunnel | BarkPark model BARK-429

Recycled Crawl Tunnel. This crawl-through agility structure supports exploration and low-profile movement. Re-Bark tunnel versions include distinct straight, curved and dog-house-entry configurations. This is the **BARK-429** configuration; versions with different mounting, materials or included components carry separate SKUs. Consult the exact installation drawing for required clearances, footing details and site preparation.

Model specifications and ordering choices

Compare compatible activity configurations

Other models in this activity family may offer a different mounting arrangement, size, quantity or feature package. They are separately specified products, not selectable checkout options.

Model	Manufacturer description	Installation
BARK-429SM	Recycled Crawl Tunnel, Surface Mount	Surface mount

For a coordinated dog park, this equipment can be planned alongside appropriate agility obstacles and visitor amenities such as leash stations, drinking fountains, waste stations and seating. Any companion equipment is sold separately unless the exact-model description explicitly includes it. Verify the chosen site layout and any accessory compatibility before ordering.
