Description

Sit-Up and Back Extension, Inground Mount

The Sit-Up and Back Extension outdoor fitness station (model UP168S) is designed for public outdoor exercise areas serving users age 13 and older. It supports trunk and core conditioning. This version uses inground mount installation, allowing site planners to select the attachment method appropriate for the project.

Product details

- Model: UP168S
- Fitness activity: Trunk and core conditioning
- Mounting: Inground Mount
- Intended users: ages 13 and older
- Installation and impact-attenuating surfacing must follow current manufacturer instructions and applicable site requirements

Compare installation options

Model	Installation
UP168S	Inground mounting
UP168SM	Surface mounting

Select the mounting configuration to suit the project's supporting surface and installation design. Request the model-specific installation drawing before specifying foundations or anchors.
