Description

Accessible Chest Press, Inground Mount

The Accessible Chest Press outdoor fitness station (model UP179S) is designed for public outdoor exercise areas serving users age 13 and older. It supports seated or mobility-device-accessible upper-body pushing exercise. This version uses inground mount installation, allowing site planners to select the attachment method appropriate for the project.

Product details

- Model: UP179S
- Fitness activity: Seated or mobility-device-accessible upper-body pushing exercise
- Mounting: Inground Mount
- Intended users: ages 13 and older
- Installation and impact-attenuating surfacing must follow current manufacturer

instructions and applicable site requirements

Compare installation options

Model	Installation
UP179S	Inground mounting
UP179SM	Surface mounting

Select the mounting configuration to suit the project's supporting surface and installation design. Request the model-specific installation drawing before specifying foundations or anchors.
