Description

Freestanding Green Crawl Tunnel, 02-07-0057-GRN

The green freestanding Crawl Tunnel adds a low-profile crawling path for school, park or daycare playgrounds. This is the complete tunnel assembly in a green color configuration, not a separate material or mounting category.

Verified product details

- Freestanding rotomolded plastic crawl tunnel in green.
- Overall dimensions published as 46 in. long by 28 in. wide by 32 in. high.
- Manufacturer reseller lists a 15 ft by 17 ft play use zone.
- Portholes in the tunnel provide visibility and ventilation.
- Includes surface mounting footers and ground spikes.
- Inground mounting kit 02-07-0079 is a separate accessory.

Comparison and mounting options

Model / option	Product or use	Selection detail
02-07-0057-GRN	Green crawl tunnel	Same construction and dimensions as red variant
02-07-0057-RED	Red crawl tunnel	Color choice, not a different material or size
02-07-0079	Inground mounting kit	Separate attachment option for the tunnel

Installation and safety: Install with the required impact-attenuating surfacing and follow the mounting guidance for site conditions. Color alone does not warrant related-product linking.
