Description

Crawl Tunnel Inground Mounting Kit, 02-07-0079

This model-specific below-grade mounting accessory is intended for the freestanding crawl tunnel family, 02-07-0057-GRN and 02-07-0057-RED. It is not the complete crawl tunnel.

Verified product details

- Use with the 46 in. by 28 in. by 32 in. freestanding Crawl Tunnel.
- Published as the separate in-ground mounting kit for both green and red versions.
- The complete crawl tunnel already offers surface-mount footers and ground spikes.
- Select the inground kit only for a below-grade anchoring plan; do not confuse it with the full play component.
- Exact contents and footing dimensions require confirmation from the manufacturer's current kit assembly sheet.

Comparison and mounting options

Model / option	Product or use	Selection detail
02-07-0079	Inground tunnel mounting kit	Accessory for below-grade installation
02-07-0057-GRN	Green complete crawl tunnel	Complete play unit, not included in mounting kit
02-07-0057-RED	Red complete crawl tunnel	Same play unit, different color choice

Installation and safety: Only use the accessory with the appropriate tunnel models. Confirm actual mounting hardware contents against the supplied packing list.
