Description

Climb and Discover Cave with Letter and Number Handholds | UP120

This freestanding playground cave combines crawl-through openings and molded nature details with a climbing route using alphanumeric handholds. The playful configuration encourages children to explore two linked cave sections and discover molded wildlife and foliage features. The installation instructions identify it as the UP120 ABCD-1234 handhold package.

Verified model specifications

Model	UP120
Configuration	Playful theme; letter-and-number handholds
Recommended ages	2 to 12 years

Listed capacity	1 to 8 children
Use zone	20 ft x 21 ft
Fall height	3 ft 4 in
Listed weight	672 lb
Cave construction	Double-wall, color-impregnated linear low-density polyethylene per exact-model specification
Mounting	In-ground

Selection and comparison

Compare UP120 with UP121. Both use the Climb and Discover Cave body, but UP120 has letter-and-number handholds and a playful scheme; UP121 has standard handholds and a natural scheme. These changes affect play details and configuration, so do not mislabel them as alternate-material equivalents.

Verify current installation requirements, site layout, protective surfacing and the supplied product revision before ordering.
