Description

Climb and Discover Cave with Standard Handholds

The UP121 is the natural-style Climb and Discover Cave with standard climbing handholds. The structure combines molded nature-inspired details with large crawl-through openings, providing both climbing and discovery-oriented play. The manufacturer distinguishes UP121 from the UP120 letter-and-number handhold version.

Verified model specifications

Model	UP121
Configuration	Natural theme; standard handholds
Recommended ages	2 to 12 years
Listed capacity	1 to 8 children
Use zone	20 ft x 21 ft
Fall height	3 ft 4 in

Listed weight	672 lb
Cave construction	Double-wall color-impregnated molded polyethylene per model specification
Mounting	In-ground

Selection and comparison

UP121 and UP120 have the same basic cave form and published play-area requirement, but different handhold packages and appearance. Specify UP121 for standard handholds; UP120 instead supplies alphabet-and-number handholds. Neither is an alternate-material version of the other.

Verify current installation requirements, site layout, protective surfacing and the supplied product revision before ordering.
