Stop Sign UP125 $248.00

https://www.dunriteplaygrounds.com/store2/74454-Stop-Sign-UP125

Product Image

Description

The Stop Sign UP125, model UP125, is the UltraPlay stop sign intended as a traffic-learning cue for children's tricycle paths and imaginative road-play settings. It supplies one individual sign legend, not a complete assortment of road signs. Use its recognizable traffic symbol to give children an opportunity to practice stopping, yielding and recognizing marked areas within supervised play.

Model specifications

Exact manufacturer model	UP125
2026 catalog identification	Stop Sign
Published shipping weight	10 lb
Sign legend	Stop
Application	Playground tricycle-path and traffic-themed play areas
Product type	Individual activity sign, not a four-sign package

Configuration and related choices

This individual sign	Stop sign, UP125
Other traffic legends	Yield (UP126), Railroad Crossing (UP127), School Zone (UP128)
Bundled set	UP129 four-sign set is a separate manufacturer SKU

Other standalone UltraPlay traffic signs include Stop, Yield, Railroad Crossing and School Zone models, allowing a site designer to choose only the messages needed for a route. The manufacturer also lists a four-sign set under a different SKU. Position activity signage in a supervised, age-appropriate circulation layout and confirm installation needs before ordering.
