Description

Change Your Playground Experience

Create a standout playground experience with this 30-inch diameter left 90° tube slide, designed specifically for 7-foot deck heights. Its enclosed structure offers a more immersive ride while providing enhanced safety for children during play.

Featuring a smooth left 90-degree curve, this tube slide adds excitement with a gentle directional change while maintaining a controlled and comfortable descent. Constructed from high-quality, weather-resistant materials, this playground tube slide is built to handle heavy use in both residential and commercial settings.

Perfect for backyards, schools, parks, and recreational facilities, this 7 ft deck height tube slide delivers a reliable combination of durability, safety, and fun. The fully enclosed design keeps riders securely within the slide path, offering peace of mind for parents and playground operators.
